Weather Forecast.

For North Carolina—Fair Saturday and Sunday, light west winds.

Mr. David Draper, of Johannesburg, South Africa, is to prospect in North Carolina and Kentucky for diamonds. Some beautiful diamonds were found some years ago in this State, a beautiful gem having been picked up about 15 years ago near Rockingham.

It is announced that Mr. Sydney C. Tapp will enter the gubernatorial race in Georgia against the Hon. Hoke Smith and Editor Clark Howell. We don't know what Mr. Tapp's qualifications are but he can get a considerable lot of votes if he will let the boys know that they get plenty of beer on Tapp.

Miss Mabel Clare Money, the beautiful daughter of Senator Money, of Mississippi, is to be wedded to Dr. William Whitney Kitchin, of Buffalo, N. Y. The South had plenty of the Cook family that Kitchin might have drawn on but it's so much like the Northerners to draw on us for our Money.

The Raleigh Times referring to a statement that some British spinners comtemplate removing their mills to the United States says: "There are lots of mills in North Carolina and lots more are to be erected in the future, but the State is not overcrowded, and will not be for years and years to come." We heard a successful and well known North Carolina manufacturer say one day that the cotton mill business would never be over done till we had mills enough to spin every bale grown in the South.

The managers of those big insurance companies in New York are a pretty lot of scapegraces to have entertained a fear that a Democratic victory would jeopardize the assets of their companies. The investigation now in progress in New York shows that these fellows who dreaded the Democratic bogey were themselves hitting those assets millions at a clip. It would seem that they feared the Democratic party for the reason that they did not want any competition in getting away with the assets committed to their trust.

MAP OF CAROLINA COAST.

Important Draft Sent to Secretary of State From Wilmington.

The Raleigh correspondent of the Charlotte Observer sends that paper the following:

"Secretary of State Grimes has received from Mr. S. F. Burbank, of the United States Engineer Corps, at Wilmington, the map made by James Wimble in 1738, showing the coast of North Carolina. This map was made for the King of England, is very large and well engraved and shows the residence of every planter of the colony at that date. It is rare and costly and only three other copies of it are known of by Secretary Grimes. Mr. George Davis, of Wilmington, owned one and others are held by W. B. Rodman, of Charlotte, and the Library of Congress at Washington. This map will be engraved, in the same size, by the historical commission. The work will be done in Philadelphia and the map will be in the re-print of the histories of North Carolina by Brickell, Old Nixon and others. In this volume will also be the map of H. Marr, 1730; Emmanuel Brown, 1733, and that by Brickell in 1735. There are three other old maps of the State, one of which, that of Lawson, which was really the first one at all accurate, was reproduced two years ago by The Charlotte Observer in its re-print of Lawson's history."

ATTRACTIONS AT LUMINA.

Weed-End Dance To-Night—Improvements for Winter Season.

The usual week-end dance will take place to-night at Lumina and if the weather conditions are at all suggestive of the beach, an immense gathering of young people will throng that delightful pleasure palace. There has been no diminution of the attractions at Lumina—an orchestra is regularly engaged; the restaurant is open as usual and the bowling alleys are in full blast. The cars continue to run on a half-hour schedule.

The material has all been ordered and Architect Bonitz hopes to complete the work of enclosing the pavilion and installing the heating plant by Saturday, October 7th. A huge open fire place in the middle of the space between the dance floor and the restaurant will be put in. It will be large enough to carry five-foot logs and will be built of rough-quarried gray stone, laid up in a rugged, substantial way to suit the general surroundings. By next Saturday the management will be ready to serve oyster roasts in the restaurant in the pavilion.

Sunday Afternoon Excursion.

To-morrow afternoon the steamer Wilmington will offer a rare treat in an excursion up the Cape Fear river, leaving the city at 3 o'clock and returning about 6 P. M. The fare for the round trip will be only 20 cents and an afternoon of delightful pleasure is in store for everybody who embraces the opportunity to witness the scenery on the river above Wilmington and to breathe the fresh atmosphere from autumn fields and forest.

PRESIDENT INVITED

Merchants Association Extends Cordial Invitation to Roosevelt to Visit Wilmington

TELEGRAM TO OYSTER BAY

Chief Executive Asked to Come Here From State Fair at Raleigh and Arrangements to That End Suggested.

President Theodore Roosevelt on yesterday received a very cordial invitation to include Wilmington in his itinerary of Southern cities to be visited during the coming month of October. The invitation was from Mr. W. B. Cooper, president of the Merchants' Association, who, after consultation with several members of the directorate of that body and in behalf of the business community of the city at large, sent Mr. Roosevelt a telegram at the Summer home of the chief executive at Oyster Bay. The telegram of invitation will probably be followed to-day by another from the Mayor of the city, in behalf of all the people of Wilmington and Mr. Cooper will supplement what was contained in the original greeting by a letter urging more fully upon the President the coveted honor of his presence. If but for a few hours, and assuring him of the most distinguished consideration.

While Mr. Cooper and those who have joined with him in the invitation, realize that they are a little late in their efforts to have the President visit the city, as his Southern itinerary has already been made up, they believe that they have evolved a plan by which none of the present plans and arrangements will be interrupted. Relying upon the boasted "strenuosity" of Mr. Roosevelt, the idea has been conceived, with the assistance of the railroads and the Atlantic Coast Line in particular, to bring the President from Raleigh on a special train, arriving here in the morning for a few hours, and returning him to the main line of the Southern at Greensboro on the same special train that evening, so that none of the present appointments will suffer in consequence of the Wilmington trip. The President speaks at the State Fair in Raleigh on Thursday, October 19th, and it is believed that the time allotted him there is sufficiently ample to permit of the side trip, on a fast schedule, to Wilmington. The form of entertainment that would be extended to the President, in the event of his acceptance, would, of course, have to be decided upon later. The telegram was forwarded to the President at Oyster Bay yesterday about noon and an answer is hardly expected for a day or two yet.

The people of Wilmington would be delighted to have the honor of a visit from the chief executive and some hopes are entertained that matters will so arrange themselves that he may come. In this connection the following special telegram, received last night from Raleigh will be read with interest:

Raleigh, N. C., Sept. 22.—Secretary Pogue, of the State Fair, announces that on Thursday, immediately after President Roosevelt's address, luncheon will be served at which the President and marshals will be guests of the North Carolina Agricultural Society. B. Frank Mebane, chief marshal, is here with a number of aides, prominent citizens from various parts of the State, making up a list of persons to be invited to serve as marshals. Invitations will be wired to nearly 500 to-morrow. The gentlemen here with Chief Marshal Mebane are Col. J. S. Cunningham, of Person county; Col. Benj. K. Terry, of Spray; A. D. Ivey, of Leaksville; Dr. S. B. Alexander, Jr., of Charlotte; A. H. Boyden, of Salisbury, and Banks Holt, of Burlington. These gentlemen are arranging plans for the reception of President Roosevelt and for the social side of the fair generally.

PRETTY HOME WEDDING.

Miss Althea Westbrook Bride of Mr. Jesse Haskett.

A beautiful home wedding was celebrated Wednesday evening at 8:30 o'clock at the home of the bride's parents, Mr. and Mrs. D. G. Westbrook, when their daughter, Miss Althea Westbrook, was led to the altar by Mr. Jesse Haskett, Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, officiating. The waiters were Mr. Joe Westbrook, a brother of the bride and Miss Emma Dempsey; Mr. Marvin Haskell, a brother of the groom, and Miss Sudie Bordenheimer, Mr. John Dempsey and Miss Danie Westbrook, sister of the bride.

The decorations were green and white. The bride was becomingly gowned in white silk and carried a bouquet of white carnations. The lady attendants wore white organdie. After the ceremony a dainty reception was given at which refresnments were served.

Mr. and Mrs. Haskett are at home at No. 513 North Fifth street.

CONFUSION OF TONGUES.

Row by Syrians Investigated in Municipal Court—One Other.

A family row in the Syrian quarter afforded the only interest for police court attendants yesterday. The confusion of tongues made the case a difficult one for the Mayor. However, when the matter had been sifted to the bottom, Henry Joseph and James Sargasy were declared debtors to the commonwealth in sums of $5 and costs each for disorderly conduct, and Maggie Joseph, charged with an assault, was found to be a creature who had suffered great provocation, and she was let off without punishment.

Fred Bennett, a negro against whom Mr. G. W. Britt made out a case of drunk and disorderly, was sent out to the rock pile for the regulation term of 30 days.

INTERESTING RAILROAD SUIT

Newbern Editor Sues Atlantic Coast Line For Alleged Damages Because of Missing Connection.

An interesting suit has been brought in Craven County Superior Court against the Atlantic Coast Line Railroad Company of this city, by Editor Charles L. Stevens, of the Newbern Journal. Damages in the sum of $10,000 are asked for alleged unlawful detention on one of the defendant company's trains from Norfolk, just after the recent wreck at Bruce Creek station when a train of cars plunged through an open draw, causing a fearful loss of life among several hundred colored excursionists bound to the Virginia city, on August 17th.

In the complaint the plaintiff alleges that he applied to the company's agent at Norfolk for information as to whether he could be assured connections with the Atlantic & North Carolina train, leaving Goldsboro at 3:45 P. M., as it was important for him to reach his home, in Newbern, on the evening train of August 18. With the expressed understanding that such connections could be made he alleges that he purchased a ticket to Goldsboro. The complaint alleges further that the plaintiff boarded the train and, at a point in North Carolina, met a train on the same road going toward Norfolk on which were surgeons looking after the wounded of the wreck and lawyers engaged in making settlements of claims for injuries. It states that up to the point of said meeting the train proceeded at less than the usual rate of speed and the plaintiff was informed and believes that the purposes for the delay was in order to give the agents of the defendants time and opportunity to negotiate with the passengers injured in the wreck.

The train was delayed a long time, and did not reach Goldsboro in time to make connections, whereby the plaintiff was compelled to remain in Goldsboro over night, at great expense, inconvenience and loss of time, missing important engagements at home.

He charges that the delay was wilful and wanton and in absolute disregard of plaintiff's rights. By reason of the delay the plaintiff alleges that he has suffered great damage, in a great sum; to-wit, $10,000, as he is informed and believes, he therefore prays for a judgment in that sum and for such other and further relief as he may appear to be entitled to.

The case will probably be tried at the next term of Superior Court in Craven county. Mr. Stevens has engaged Messrs. W. D. McIver and R. A. Nunn to represent him in the cause.

COMING OF FRANK DESHON.

One of Millionaire Tramps in "Miss Bob White" Here Again.

The Piladelphia Press of Tuesday, September 5, says of "The Office Boy," which will appear in the Academy of Music here Monday night:

"Jolly little Frank Deshon, who will be remembered as one of the millionaire tramps in "Miss Bob White," made his first local appearance as a star at the Park in a wholly praiseworthy revival of "The Office Boy." The production is under the direction of the Nixon & Zimmerman Operas Company and managed by F. G. Nixon-Nirdinger. It was evident that everything had been done to make the general outfit consistently elaborate. The scenery was exceedingly pretty and the costumes colorful and bright, while the electrical effects added greatly to the success. "The Office Boy," which is the work of Harry B. Smith and Ludwig Englander, is the merriest kind of a musical comedy and during its present engagement will equal if not surpass the success won when it was used as a starring vehicle for Frank Daniels. There are numerous musical features, clever songs, lively dances and laugh-provoking incidents and the entire performance went with a dash that caught on immensely. The entertainment has been freshened and brought down to date since it was last seen here and several new songs have been added."

For the performance the sale of seats will commence at Plummer's this morning and the prices will be $1 and $1.50. The last four rows of seats downstairs will be $1 and the general admission will be 50 cents.

HORRIBLE CRIME IN FLORIDA.

Negro Suspected of Murdering and Burning Wife and Four Children.

By Wire to The Morning Star.

Jacksonville, Fla., Sept. 22.—Early this morning the charred remains of Lula Wise, a colored woman and her four children were found in the smoking ruins of her home near this place which was burned this morning before daylight. The skulls of the woman and all of her children were crushed in, indicating that they had been murdered and the house had been burned to conceal the crime. The woman had not lived with her husband for two years. Two years ago, it is stated, he beat and threatened to kill her. She had him arrested and he was sentenced to jail for a short time. After the expiration of his sentence he disappeared and it could not be ascertained that any one had heard from him. The woman supposed he was dead. A coroner's jury was summoned but the hearing was adjourned until next Thursday.

SUIT TO RECOVER TAXES.

City Attorney Yesterday Issued Summons to Sewerage Company.

City Attorney Marsden Bellamy yesterday instituted suit against the Wilmington Sewerage Company for the amount of its municipal taxes on real and personal property for the last year. The amount, which it appears has not been paid, is $1,200 and a judgment for that amount with costs is asked. The answer of the Sewerage Company to the summons and complaint has not yet been filed. The tax valuation upon the personal property of the company is $74,000, and upon real estate, $6,000, making a total of $80,000. The rate is $1.50 per hundred valuation.

CIVIL SUIT DOCKET

Calendar of Cases Set for Superior Court Term Beginning October the 2nd

NUMBER OF DAMAGE SUITS

Most of Them, However, On Docket For Some Time Past—Attorney's Met Yesterday and Arranged Those For Trial.

The bar of the city met yesterday morning at 11 o'clock and arranged the calendar of civil suits for trial at the two weeks term of the county Superior Court, ensuing October 2nd. Mr. Eugene S. Martin presided at the meeting and the clerk kept a record of the proceedings. Altogether 45 suits are docketed but none of them is of great importance. Anticipating that one of the important criminal cases may continue over from the week before, no civil suits of importance are set for the first two days of the civil term, that time being set apart for the trial of divorce cases, which can give way to more important matters, if necessary.

The damage suits of particular interest are those of Frank Meier, admr., Frank Irving, Melvin Horne and Willie Rempert against the Consolidated Company for damages and S. H. Fishblate vs. The Fidelity and Casualty Co., of New York, in which the plaintiff is suing for recovery on an accident policy. The latter suit is set for Wednesday of the first week of the civil term. On Friday of the same week the celebrated suit of J. W. Monk vs. City of Wilmington, involving the title to and royalty upon a large amount of material from the city rock quarry, will be heard. The Irving suit against the Consolidated is set for the second Tuesday of the civil term and the case of Melvin Horne against the same defendant on the day following. The Meier case and a re-hearing of the Mortie L. Creech suit against the Wilmington Cotton Mills, for damages, is set for Thursday. The Rempert suit is set for Friday of the second week. The circumstances connected with the several damage suits mentioned are well remembered by the public.

The calendar as set in full is as follows:

MOVEMENT OF COTTON.

Fleet of Steamers Expected—Receipts For Week and Crop Year.

A fleet of four or five cotton steamers is expected here this morning for Alexander Sprunt & Son, all due to arrive about the same time. Twelve or fifteen steamers in all are bound here during the next month or more for cotton cargoes.

The New York spot cotton market advanced to 10.95 for middling yesterday. Local receipts yesterday were 2,502 bales against 2,823 bales same day last season. For the week ended yesterday the receipts were 17,533 bales against 17,240 same week in 1904. Since Sept. 1st 36,107 bales have been received against only 23,650 bales up to a corresponding date last season.

For the week ended yesterday all naval stores showed an increase in receipts except crude in which there was a slight falling off. Prices are ruling much higher than last season. Spirits was firm yesterday at 63 cents; rosin, steady at $3.20; tar, firm, at $1.80 and crude firm at $2.75 and $4.25.

Mr. Fred Bolles a Benedict.

Handsomely engraved cards bearing the following interesting announcement were received by friends in the city yesterday: "Mr. and Mrs. Benjamin M. Edelin announce the marriage of their daughter, Marie Therese, to Mr. Frederick DuBrutz Bolles, on Wednesday the twentieth of September, nineteen hundred and five."

PERSONAL PARAGRAPHS.

LARCENY OF TIMBER.

Two Colored Rivermen Bound to Higher Court Yesterday.

A case of more than passing importance to the extensive timber interests on the river was heard yesterday in Justice Furlong's court. Charles Robinson and Tyson Brower, well known colored rivermen, were charged with the larceny of six cypress logs, the property of J. M. Marshall. From the evidence, it appears that Mr. Marshall and Mr. W. P. Croom, of the upper Cape Fear, came down the river on Aug. 29th with a raft of logs, consigned to H. McL. Green, timber agent, the logs having been tied up over night at Point Peter. Later, when the logs were counted out by Mr. Green, six of [illegible] the prosecution having been brought by Mr. Green, and Herbert McClammy and Brooke G. Emple, Esqs., appeared for the defendants, who gave bond of $50 for their appearance in the Superior Court next week.

STORY OF "HUMAN HEARTS."

Startling Melodramatic Production at the Academy To-night.

"Human Hearts," the melodramatic success announced at the Academy for to-night appeals to every class of playgoers. It deals with a story that teems with heart interest from beginning to end. Tom Logan, an honest young blacksmith in the Arkansas Hills, falls in love with and marries a reformed confidence woman. The dull country life soon palls on her. She accidentally meets her former lover and "pal." Without any just cause, they conspire together to ruin Tom and kill him if necessary. The woman calls him while her accomplice conceals himself. The father of Tom responds and is mistaken for the young blacksmith. He is fatally stabbed by the ambushed man. Tom, coming out to see where his father is, is accused by the adventuress and her "pal" of the murder. He is finally sentenced on that charge. But his friends ultimately establish his innocence and he is released. Retribution overtakes his villainous and murderous accusers. No play of its kind possesses a stronger plot or more sensational incidents. The serious element is mingled with comedy, forming a combination that never fails to touch a responsive chord in the hearts of play-goers.

GUN CLUB TOURNAMENT.

Dr. R. H. Bellamy Won Prize in Season's Closing Contest.

The sliding handicap tournament on the traps of the Wilmington Gun Club, over a range of from 16 to 22 yards, yesterday afternoon was a proper finale to a very successful season. A handsome hunting suit offered as the prize for the event was won by Dr. R. H. Bellamy in a score of 36 out of a possible 50.

The scores in detail were as follows: Pickard, 30; Penny, 34; Holmes, 31; Littig, 31; Ahrens, 17; Hergenrother, 27; King, J. C., 32; Boylan, 24; Loder, J. C., 28; Dr. Dreher, 35; Peters, 32. In the doubles the following out of 24 were made: Littig, 15; Penny, 18; Dreher, 17; Boylan, 14; Ahrens, 11.

An Attachment Served.

The Angola Lumber Company, through E. L. Holloway, manager, yesterday brought an attachment proceeding in the Superior Court against W. E. Register, a non-resident, the object of the process being to collect an alleged indebtedness of $650. The property attached is whatever belongs to the defendant and may be in the hands of Hannah & Co., the box manufacturers.

Coal -- Wood -- Coal
A Convenient Way to Buy Coal.
We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price, they buy a ton, pay for it, and have it sent home. A little later on them get another ton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.
If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

Anthracite Egg	$6.50 per ton
Anthracite Stove	6.50 per ton

WILMINGTON, N. C.

Saturday Morning, Sept. 23.

CHARLOTTE A GOLD MINING CENTRE.

Charlotte appears to be a most fortunate as well as a most enterprising city. It is the centre of the cotton milling industry of the South, is right in the radius of electrical power from great plants on the Catawba and the Yadkin rivers, and now comes the intimation that the Queen City is to be a great gold mining centre. Some Michigan capitalists recently began mining operations almost in the suburbs of Charlotte and last week they struck it rich. A four foot vein of ore valued at from $50 to $75 a ton was struck, and the mining people state that enough ore is in sight to make the mine a highly valuable one.

We suppose this discovery, along with the fact that there are other rich gold mines near Charlotte, calls for this editorial in the Charlotte Chronicle of Tuesday:

"For years this writer has been harping on the development of the gold mines of Charlotte and Mecklenburg county as a source of increased prosperity for the community. The indications are that this work of development has at length been started in earnest and that gold mining will in time become the factor in Charlotte's prosperity that it should be. The two big mines, the St. Catherine and the Rudisill are being worked with good results under an advanced system and work is in progress at a number of the smaller mines. Recent developments of ore of more than ordinary value has given the work of mining an impetus. When the mines of Mecklenburg are worked on a scientific basis, enough gold will be produced in this county to justify the resumption of coinage operations at the United States Assay Office in Charlotte.

"There is a good opening here for a mining journal, a weekly paper devoted solely to the interests of the mines and miners. We have cotton papers, medical journals, lodge papers, all flourishing, and a miners' journal might find the field a profitable one. Then how about a convention of Southeastern miners in Charlotte? This city is as well suited as a gathering place for miners as it is for cotton mill men. Mining promises to become a great industry around Charlotte. The man who gets into the field first with his paper will have the inside track."

We have long ago believed that the mineral resources of North Carolina would some day attract attention and the a great development would be the result. There is lots of gold in North Carolina, and we have always pinned our faith in the prospect that some day there will be startling developments.

STAPLE COTTON PRICES.

The New England Manufacturers' Convention, at Atlantic City, N. J., on Thursday, decided to appeal to Caesar. That is they adopted a resolution appealing to President Roosevelt to do whatever lies in his power to suppress gambling in cotton and with that end in view to have a government investigation of the cotton speculators' methods. The manufacturers are against the cotton futures business because it results in an ever fluctuating market. No manufacturer ever knows from day to day what he has to pay for the cotton which he is to make up into goods. According to raw cotton prices it would seem that the price of cotton manufactures would also as a matter of necessity be adjusted every few days.

The manufacturers commended the Southern Cotton Association for its work in exposing the leak in the crop reports of the Bureau of Statistics, but they did not take kindly to the high prices for cotton which the association is endeavoring to establish. What the milling people want, however, more than anything else is staple prices for the raw cotton. They will then know what to charge for their manufactured products without their being subjected to the violent fluctuations caused by speculation in the staple. Instead of manufacturers being the kickers against high prices, it is the consumer who "pays the freight" from the time the cotton leaves the field and comes from the mill ready for the backs of all who wear cotton goods or use cotton goods.

The methods of the Southern Cotton Association will come nearer than any others to securing a staple price for cotton by regulating the supply to the demand and fixing prices that will let the cotton grower get his expenses back at least.

CURRENT COMMENT.

—A contributor gives us his version of what the Governor of North Carolina said to the Governor of South Carolina. It is: "How many cotton mills have you?"—New York Commercial.

—A great many are going to the State Fair. They want to be there the day that the President will speak. It bids fair to the biggest day ever witnessed in the State—High Point Enterprise.

—A new insurance company is to be organized in Raleigh. If the people of our State keep on organizing insurance companies, building cotton mills and keeping the State government in Democratic hands, they will be all right.—Charlotte Chronicle.

—Addition, division, and silence are the three rules of conduct of municipal plunderers. Silence is represented by the Academy of ...usic, closed because the ringsters have pre-empted it for every Saturday night until the election.—Philadelphia Record.

—The Florida Times-Union says: "Our Alabama contemporaries are talking about the surplus and the legislature! The two don't generally go together." They do in North Carolina. At least when the Legislature adjourns the surplus is gone.—Raleigh Post.

—If Charlotte keeps on building cotton mill here combined capacity will soon equal that of White Oak Mills in Greensboro. Now don't flare up, brethren; small mills are perhaps better, for if one breaks may be all will not break, while with a big mill breaking there is something doing.—Greensboro Record.

—Apparently hereafter life insurance is to be solicited along political lines, and each company must choose whether to become known as a Republican or Democraitc concern. Then, when a man changes his politics, he must change insurance companies if he would not be kept under forced contribution to helf his former party. —Springfield Republican.

—It is probable that the General Conference of the Methodist Episcopal Church, South, will be held in Asheville, next year. It has been decided to hold it in Birmingham, but the hotel accommodations there are not considered sufficient. If the conference goes to Asheville, the members will always thank the good fortune that landed them there.—Charlotte Chronicle.

—It cost Senator Martin over $11,000 in his campaign for the Senate in Virginia, and Mr. Swanson spent $9,840.86 in his successful fight for Governor. It didn't cost Governor Vance or Governor Aycock twenty-five dollars to secure the nomination. Will we ever get back to those days of the simple life in politics? Must a man be fairly rich to run for office?—Raleigh News and Observer.

—William J. Bryan very deftly disposes of the excuse given by George W. Perkins that life insurance contributions to the Republican campaign fund have been made in the fear that Democratic success would injure the assets. This is absurd, he says, in view of the fact that the men so engaged in diverting trust funds were themselves at work injuring the assets through payments of unearned salaried to themselves, and through speculative operations. — Springfield Republican.

TWINKLINGS.

—The Artist—"I should like to paint your portrait. Were you ever done in oil?" The Countryman—"No, but I was done in copper once."—New York Sun.

—She (sentimentally)—"How like life are the waves of the sea!" He—"You bet. Come to the shore in great style and go away broke."—Chicago News.

—The Husband—"Why, my trunk is full of your sh't waists." The Wife—"Yes. I found there wasn't room in it for them and your clothes also."—Harper's Bazaar.

—First Burglar—"What are you looking at those water pipes for, Bill?" Second Burglar—"The plumber has been here! we had better tackle some other house." — Philadelphia Telegraph.

—"Don't be larmed 'bout me, m' dear," said Luschman; "doctor says I'm in the pink o' condition." "Nonsense!" retorted his wife, "that doctor should have looked at your tongue, not your nose."—Philadelphia Press.

—Senior Partner—We had best have that young book-keeper's books examined. He took twelve drinks between here and home yesterday. Junior Partner—How do you know? "I was with him. He was treating me."—Smart Set.

—Telegram from financier in New York to his partner in Cleveland: "Am about to close a deal with Skinham. What kind of a man is he?" Reply from Cleveland: "He is like a fish." Telegram from New York: "Wire at once what kind of a fish—shark or sucker."—Cleveland Leader.

—The Whole Thing.—"Yes," said young Benedick, "we went to Niagara Falls on our honeymoon. Just as soon as we got off the train my wife and I walked right over to see the falls." "Magnificent, eh?" remarked Hicks. "You bet! You should have seen all the men rubbering at her as we walked along."—Catholic Standard and Times.

—One day not long ago I met a soldier who had been wounded in the face. He was a Union man, and I asked him in which battle he had been injured. "In the battle of Bull Run," he replied. "But how could you get hit in the face at Bull Run?" I asked. "Well, sir," said the man, half apologetically, "after I had run a mile or two I got careless and looked back."—New York World.

—Point of View—First Suburbanite—Was your garden a success this year? Second Suburbanite—You bet it was. My next door neighbor's chickens took the first prize at the poultry show.—Chicago Daily News.

—"You can't get something for nothing in this life," said Senator Sorghum. "But our friend Grafton amassed a fortune without much mental or physical effort." "Yes. But think of the wear and tear his conscience had to stand." —Washington Star.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE COTTON MARKET.

New York, September 22.—The cotton market showed more snap and animation today than for some time past and scored a good net gain on agressive Wall street and New Orleans support in connection with a demand through wire and commission houses. The close was 2 to 3 points down from the best but steady at a net advance of 15 to 23 points. Sales were estimated at 400,000 bales. The opening was steady at unchanged prices to a decline of 5 points, near months being relatively easy under liquidation and bear pressure, encouraged by indifferent cables, good weather and the outlook for somewhat heavier receipts. But the market soon rallied on support from the Wall street bull pool and buying of the October position, said to be for spot people. At first the advance met considerable opposition from scattering longs taking profits for over Sunday and continued selling by local bears but in the afternoon the bull element became very confident and prices worked up rapidly with October selling at 10.65 and January at 10.84 or 17 to 24 points net higher. Toward the close realizing eased the market off slightly by bull support still in evidence. Southern spot markets were unchanged at 1-16c net higher.

Spot cotton closed quiet, 10 points higher; middling uplands, 10.95; middling gulf, 11.20; sales 100 bales.

Futures opened steady. September offered, 10.45; October, 10.43; November, 10.43; December, 10.53; January, 10.60; February, 10.64 bid; March, 10.69; May, 10.80; June, 10.81 bid; July, 10.83; August, 10.84 bid.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

Attacked by a Mob

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at R. R. Bellamy's drug store. **

SPIRITS TURPENTINE.

—Mrs. Rosa L. Jones, of Newbern, has entered suit against the Atlantic and North Carolina Railway for $25,000 damages from an accident resulting in the death of her husband, who was a freight conductor.

—Clarkton Express: "Messrs. N. A. Currie & Bro. are trying some experiments in growing forage crops. They have just planted half-acre patches of alfalfa, vetch, red clover and blue grass. The result of these will be watched with interest."

—A dispatch from Greensboro on Thursday says: —Messrs. John M. Hammer and J. A. Gorham, of this city, have been appoined by the Greensboro Life Insurance Company as general agents for South Carolina and they will leave next Monday to open office in Columbia, which place will be headquarters.

—Washington correspondence, Charlotte Obbserver: Judge J. C. Pritchard arrived here to-day from Asheville, accompanied by his son, Dr. Arthur Pritchard. They leave to-night for New York and will go to West Point to visit George Pritchard, who recently entered the military academy as a cadet. Dr. Geo. Pritchard will go to Thomasville, Ga., on his return, where he has decided to locate in the practice of medicine.

—Goldsboro Headlight: John street is literally packed with cotton nowadays. Walnut street used to be stopping place for carts and wagons loaded with the fleecy staple, but for some cause or other the vehicles loaded with cotton now line up on John street instead. There is nothing that makes the merchant feel more cheerful than to see cotton and tobacco coming to town in large quantities, Some of the farmers in Wayne county are holding cotton for 11 cents.

—The Asheville Citizen says that the capital stock of the Elk Mountain Cotton Mills has been increased from $150,000 to $200,000. The additional fifty thousand dollars is wanted for the purpose of building a bleachery to be run in connection with the mill and to finish its product. At present the spreads are sent in car-load lots to Lowell, Mass., to be bleached, and the cost of this bleaching is about four cents each, in addition to the freight to Lowell, and, if it is desired to sell the goods in this territory, they must pay return freight.

—Wadesboro Messenger Intiligencer: "The second trial of the case against Henry Young for the killing of John H. Williamson, at Hamlet, February 21, 1903, ended at 10:30 o'clock yesterday morning when Judge Neal sentenced Young to the penitentiary for ten years, the jury having found him guilty of manslaughter. The case was moved to Anson from Richmond county and was first tried last September. This trial resulted in a mistrial, two members of the jury holding out for acquittal while ten favored a verdict of manslaughter.

—Mt. Olive Tribune: "The William A. Allen Chapter, Daughters of the Confederacy, was organized at the home of Miss Annie Kenan, in Kenansville, two weeks ago. Mrs. Thomas S. Kenan, who was visiting in Kenansville, helped to organize the chapter. Col. William A. Allen, in whose honor the chapter was named, was one of the first men of the State and was a law partner of Col. Wm. J. Houston in Kenansville before the war. Both Col. Houston and Col. Allen now have chapters named for them, which is a very fitting recognition of the service rendered the Confederacy."

—Fayetteville Observer: President Walter Watson, of the Cumberland County Fair, proposes to have as one of the features Thursday, Oct. 26th, of Fair week, a big military display and target practice. With this view in mind, he has sent an invitation to the companies of the Second Regiment, National Guard, which compose the 3rd Battalion, and to the F. I. L. I. Battalion. The invitations are directed to the following: Maj. J. C. Vann, commanding the F. I. L. I. Battalion; Capt. Peterson, of the Clinton Company; Capt. Hall, of the Lumber Bridge Company; Capt. Burns, of the Maxton Company, and Capt. McGeachy, of the Fayetteville Company.

—Columbus News: "The Bank of Columbus, the new bank recently organized, has elected its officers, except a cashier, appointed its directors, and in the near future will open for business. The officers elected are: R. H. Powell, president, and J. C. Williamson and D. V. Richardson, vice president. The directors are: Frank Borroughs, Conway, S. C.; D. V. Richardson, Bucksport, S. C.; J. C. Williamson, Florence, S. C.; D. T. McKeithan, Lumber, S. C.; E. B. Wright, Boardman; J. P. Council, Wananish; A. H. Powell, New Orleans, La.; R. H. Powell, J. R. Williamson, D. McRackan, T. C. Johnson, B. F. Aycock, E. S. Lewis, H. B. Maxwell, W. R. McRackan and R. C. Powell, Whiteville."

—Charlotte Observer, Sept. 22: Mr. Max Jasspon, who has an option on the Yellow Dog mine, south of the city, and who at present is engaged in opening up the property, stated to an Observer reporter yesterday that he was more and more pleased with the rich new vein which was discovered last week. "We are working now," he said, "on a new tunnel which will strike the vein at another point some 50 feet away. I am satisfied that the new ore will pan out in fine shape. If it does, then we are to make further examination and if the third assay verifies the previous ones, then the option will be taken up and a full development be begun at once." Mr. Jasspon further stated that a party of Michigan capitalists, men of wealth and standing in his native State, were coming to Charlotte next week or the week following for the purpose of looking over the property with the view of joining him in the operation of the mine. "As soon as these gentlemen arrive," said he, "then we will be ready to tell you something that will be or extraordinary interest."

—Raleigh correspondence, Charlotte Observer, Sept. 21st: To-morrow the investigation of the dispensary, at the instance of the ex-saloon men, will be continued. The effort will then be made to show that the dispensary is making over 80 per cent. profit on liquors, the Watts law limiting the profits to that figure. One of the men who is pushing the investigation said he knew of certain brands of beer and whiskey on which 100 per cent, and even 125 per cent. profit is made. He spoke of three brands of whiskey which he said ought not to cost over 67½ cents, which sold for $1.50, while at Louisburg the same kind sold at $1. Very positive assurances were given at the pispensary that no profit over 80 cents was made on any brands. The cost of bottling and handling enters into the calculation. The prices are not given to the public, the invoices not being public property. The ex-saloon men say they can produce twenty-five drunkards and fifty minors who have bought liquor at the dispensary. When the question was asked how many confirmed drunkards Raleigh has, the reply was made that there are about 20, who drink all the time. It seems that these are very proud of seeing their names in the papers. Inquiry was made as to the number of persons who visit the dispensary daily and in reply it was said about 2,000 every day except Saturday, when the number reaches 5,000. This is regarded as really a low estimate. Half the visitors are from the country, and Raleigh really supplies liquor to all of Wake county as well as to Harnett, Moore and Johnston, especially Harnett. The dispensary has practically driven the blind tigers out of business in Harnett, the revenue officers say.

SQUADRONS AGREE ON TRUCE.

Japanese and Russian Commanders Met Last Saturday.

By Cable to The Morning Star.

Vladivostok, Wednesday, September 20.—The Russian and Japanese squadrons commanded respectively by Rear Admiral Jessen and Vice Admiral Shimamura met in Koruiloff Bay, September 16th, and the admirals arranged the terms of the naval armistice. The conference which lasted five hours determined on the zones in which ships of the two nations are free to circulate and regulate the question of contraband.

Tokio, Sept. 21—6 P. M.—The Navy Department to-day confirmed the Vladivostok report announcing the conclusion of a naval armistice between Rear Admiral Jessen, representing Russia, and Admiral Shimamura, in behalf of Japan. The narrowest portion of the Gulf of Tartary remains neutral. Rear Admiral Jessen requested permission to send provisions to Kamtchatka, to which Admiral Shimamura willingly agreed.

BIRMINGHAM IRON MARKET.

Greatest Sales in History of Southern Iron Industry.

By Wire to The Morning Star.

Birmingham, Ala., Sept. 21.—The Birmingham iron market is unusually brisk this week. One company reports sales of 80,000 tons of pig iron, within the past three days, and another sale of about 80,000 tons since September 1st. The sales of other Birmingham companies will bring the total up to about 225,000 since the first of the month. This is probably the best record ever made by Southern companies in the same length of time. The bulk of the iron sold is for 1905 delivery. It is said by officials of the leading companies that not a ton has been sold at less that $12, of No. 2 basis, and which is nearly a dollar a ton better than the prices obtained in July when a large buying movement set in.

At Wooster, O., yesterday Judge Eason announced that he would not be able to give his decision in the Taggart divorce case until Saturday, September 30. He had previously said that it would be forthcoming on September 23. But he has not had time to go over the evidence and a postponement of one week was found necessary. Mrs. Taggart, who is still in Wooster, has been ill for several days and threatened with fever, but it is now expected that she will be out in a few days.

GET INSIDE.

Your Friends and Neighbors in Wilmington Will Show You How.

Rubbing the back won't cure back ache.

A liniment may relieve, but can't cure.

Backache comes from the inside—from the kidneys.

Doan's Kidney Pills get inside—They cure sick kidneys.

Here is Wilmington proof that this is so:

R. F. Rowan, clerk with L. W. Davis' Clothing House, residing on Castle street between Sixth and Seventh, says: "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters and liniments but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised in our newspapers I went to Bellamy's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result I will gladly recommend Doan's Kidney Pills every time for backache.'

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhœa. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. **

FRANCE INCENSED WITH VENNZUELA

Apology Will Be Demanded for Treatment of French Representative at at Caracas.

By Cable to The Morning Star.

Paris, Sept. 22.—The offensive attitude of Venezuela toward M. Taigny, the French charge d'affaires at Caracas, has aroused indignation in official quarters here. Although the ministry has not yet taken definite action it is said in the highest quarters that Premier Rouvier undoubtedly will demand that Venezuela disavow the offensive action and adopt a course conformable with the usual courtesies of diplomatic intercourse. The Venezuelan authorities are now seeking to show that their action was directed against M. Taigny personally and not against the French government, but the officials here do not accept the distinction between M. Taigny's personal and official capacity.

The semi-official Temps this evening printed a leading article reflecting official sentiment on the subject. It is said that M. Taigny has been ordered to insist on Venezuela's withdrawing her positive refusal to deal with him. If the withdrawal is made and President Castro makes an apology then the negotiations will continue. If Venezuela does not accede it will be unwise to immediately break off diplomatic relations by the withdrawal of M. Taigny since this would leave French interests unprotected. The best course would be for France and the United States to make a joint naval demonstration, similar to that in which Great Britain, Germany and Italy took part.

The authorities here say that exchanges will occur at Washington relative to the mutual interests involved in the controversies. M. Jusserand, the French ambassador, to the United States, will sail for New York tomorrow.

WARM WIRELETS.

Among the National League players reserved for 1906 are these: Philadelphia, Hoff and Kane, of Savannah; Moran, of Atlanta; Sentell, of Macon. St. Louis, Bennett, of Nashville; Holmes, of Savannah. Spade, of Macon, and Swann, of Shreveport.

In New York last night the nominating committee of 16 of the Citizens' Union, after a discussion of the letter of William Halpin, chairman of the Republican county committee, inviting the union to return to the fusion conference, decided to return to the conference at the next meeting on Monday night.

A Tokio cablegram last night says: A special to the Jiji from Sasebo says that Captain Iwaichi, commander of the ill-fated Mikasa, made an attempt to commit suicide after an address to the survivors of the warship, by jumping from a window. He was severely wounded about the head and is now reported to be in a critical condition in the Sasebo naval hospital.

A dispatch from Waynesville, N. C., says that Robert McGaha, who killed his brother about three years ago at Mount Sterling, N. C., alleging that he shot in self defense, has surrendered to Sheriff Noland, who placed him in Haywood county jail. The sheriff received a letter last week from McGaha stating that he would return. The case will be tried at the approaching September term of criminal court.

Walter Craven, a carpenter, aged 17 and Leslie H. Gerringer, a Southern Railway telegraph operator, two popular young men of Greensboro, were killed there last night at 9 o'clock a mile from the passenger station being run over by a freight engine while walking on a part of the track posted as dangerous. They stepped off the track to escape a passenger train, but were caught on the other by the freight, both being terribly mangled.

COAST LINE BOND ISSUE.

Rumor on New York Stock Exchange Sent Up L. & N.

By Wire to The Morning Star.

New York, Sept. 21.—The call money rate to-day carried an admonition against speculative excess and the rise in the rate had its effect in the stock market. Operations were conducted with caution and the market was under pressure at times, but the disposition to proceed with the upward movement whenever free from the actual necessities of the money market was still in evidence. Call loan rates advanced to the highest level of the year under demand for accommodation to carry over until Monday, which is required under the Stock Exchange rule. On the other hand, the promise was for a good bank statement and operators in stocks were loth to forego the advantage which might come from the sentimental effect of this to-morrow.

The hesitating tone of the stock market to-day was due to mixed prospects in the money market. Special stocks were advanced to hold the market during the periods when it was under pressure. Louisville and Nashville, Reading and St. Paul were the prominent examples for the railroads. The influence on Louisville and Nashville was the rumor of a proposed issue of Atlantic Coast Line bonds in exchange for Louisville and Nashville stock at a value above the present price.

Amongst the specialties Brooklyn Transit and the American Tobacco Securities were promient. Dread of a possible violent flurry in the money market late in the afternoon had something to do with the early depression and when the money demand for the day was satisfied without any actual flurry, an active demand for stock sprang up, which extended notably against strong features and caused a recovery throughout to above last night's level. The closing was firm at the top. Bonds were irregular. Total sales, par value, $4,280,000. United States coupon advanced 1-2 per cent. on call. Total sales 885,500 shares.

Will Manufacture Jellies.

A small plant for the manufacture of home-made jellies from native and imported fruits has just been installed by Mr. R. F. Insurance Investigation in New York Brings Out Some Equitable Transactions

GOOD THING FOR J. H. HYDE

Prominent Congress and Chief of Police Among Slain—Many Wounded—Troops Hurried to Scene.

By Wire to The Morning Star.

New York, Sept. 22.—Syndicate operations of the Equitable Life Assurance Society were taken up by the Insurance Investigating Committee today and consumed the entire afternoon session. Henry R. Winthrop, assistant secretary and financial manager of that Society, was called to the stand immediately after the recess and presented answer to a record of syndicate participations of his company, also to a record of sales and purchases of securities for the past five years, He detailed as far as he was able, the transactions of the syndicate of J. H. Hyde and associate and took memoranda of all information he was unable to supply, which is to be presented at a later date.

One of the operations was in Atlantic Coast Line bonds in which "J. H. Hyde and associates," the Equitable participating as a member, paid $1,376,096 on call and received $114,500 profits. Mr. Winthrop said there was nothing on the Equitable books to shows who the "associates" were, nor what was Mr. Hyde's personal profit.

The Equitable participated also in a Union Pacific syndicate in the name of J. H. Hyde, and when asked by what authority the Society assumed the responsibility of Mr. Hyde's personal operations, Mr. Winthrope produced the minutes of the finance committee in July, 1905, showing a written assignment to the company by Mr. Hyde of his interest in this syndicate.

The Society had paid into that syndicate $1,670,000. Much of the information desired in regard to these syndicate operation Mr. Winthrope said he would have to look up and supply later.

Just before Winthrope was examined, Mr. Hughes read a long letter from Grover Cleveland, who is a trustee for the policy holders in the Equitable Society, under the Thomas F. Ryan trust agreement. The letter was offered in evidence. Mr. Cleveland detailed the progress of the trustees in mutualizing the company and said:

"The obstacles that lie in the path of the proposed mutualization are so inherent that even with the greatest study and care they cannot be easily overcome."

In conclusion, Mr. Cleveland said:

"In common with all others who desire the best conditions in this important field of business where people have so much at stake, the trustees acting for the policy holders of the Equitable Society will gladly welcome any aid in their work which may result from the labors of your committee."

At the morning session Thomas A. Buckner, vice-president of the New York Life Company, described the agency system of the company, and the method of paying bonuses.

A "Nylic" system, inaugurated by this company, separating the agents who create business into grades according to term of service, was explained and these bonuses, Mr. Buckner testified, were charged to renewal premiums. Money received by agents from "Nylic," Mr. Buckner said, were in addition to the regular agent's commissions.

Witness said when asked how expensive such a system might be, that the total payments to "Nylic" members aggregated less than 1 per cent. of the total premiums.

Mr. Buckner was unable to supply a considerable amount of information desired, but will do so at a later period.

Mr. Hughes asked for full statement of the business written in the United State and Canada, also separate statement relating to foreign countries, showing premiums and commissions paid, that it might be ascertained how much, if any, the business of the New York Life Insurance Company was being extended in the foreign field at the expense of the American policy holders.

The committee adjourned until next Wednesday, Senator Armstrong, chairman of the committee announcing that the three days session this week seemed so successful that it would be tried next week, and if matter for the counsel came in as readily as it has been doing, the sessions hereafter will be held but three days a week.

PRESIDENT ROOSEVELT'S VISIT.

Will Speak at State Fair in Raleigh, October 19th.

By Wire to the Morning Star.

Raleigh, N. C., Sept. 22.—Full details as to the reception to be given President Roosevelt on his visit here to the State Fair on the 19th of October are being arranged. The definite statement is made tonight that he will deliver an address at the fair at 11 o'clock after yhich he will be entertained at luncheon by the North Carolina Agricultural Society, the chief marshal, B. Frank Mebane, and the assistant marshals to be the other guests.

Columbia, S. C., Sept. 22.—Dr. J. W. Tribble is well known in this State, having practiced medicine at Laurens and Newberry and at Rome, Ga. He leaves two daughters, one the wife of Professor Robert L. Coff, of Reidville. His brother is on the Sumter, S. C., police force. Dr. Tribble was a Confederate soldier, serving in the cavalry. The funeral probably will be held at High Point, N. C., where his wife is buried.

COLUMBIA MAN FOUND DEAD.

Dr. Tribble Died on Road Side Near Raleigh.

By Wire to The Morning Star.

Raleigh, N. C., Sept. 22.—Dr. J. B. Tribble, a physician of Columbia, S. C., was found dead on the county road near Wakefield, Wake county, today, the cause of death being heart failure. He was driving through the country selling patent medicine. Foul play is not suspected as Tribble's money and valuables were not disturbed. His remains will be expressed to relatives in Columbia.

BAD FEVER REPORT FROM SEVERAL POINTS

Pensacola Had Six New Cases Yesterday, Vicksburg seven, Natchez Four—Average in New Orleans.

By Wire to the Morning Star.

New Orleans, Sept. 22.—The following is the official report of the yellow fever situation at New Orleans up to 6 P. M. today:

New cases today, 37.
Total cases to-date, 2,762
Deaths to-day, 4.
Total deaths to date, 3bb
New foci, 15.
Cases under treatment, 313.
Discharged, 2,090.

Of the new cases today only two bear any resemblance to Italian names. The first time a Chinese name has appeared on the list was today. The Chinese were supposed to be immunes, because the odors exhaled by opium smokers are not relished by mosquitoes. The discovery of this case, however, indicates that there have been others which have been successfully concealed. The victim is Lee Ning, and he was found dead in a Joss house on Elk Place where he had been taken by his countrymen who hoped to appease the wrath of his ancestors. Surgeon Blue, who has had experience in dealing with the Chinese during the plague in San Francisco unearthed the case and an autopsy confirmed the diagnosis. Among the new cases is the case of Clerk of the Inspector of Police. Ten of the new cases, and six of the new foci, are up town. Algiers is credited with six of the new cases. Of the deaths, one, a man who contracted the fever in a lodging house on Charles street, developed his case in a detention camp. He was sent to the Emergency Hospital with a fellow workman who developed the disease at the same time.

It is necessary that all vessels leaving New Orleans for American ports be fumigated and carry a pratique from the responsible health authorities. This work is done by Dr. Thomas at the quarantine station, but hence forth the certificates will be issued by the Marine Hospital Service. This afternoon Dr. White went down to the quarantine station on the Porto Rican steamer Arkandian to look into the service and arrange for the issuance of the certificates.

The news from the country reveals no new points of infection and quite a satisfactory condition of affairs at the existing points. Dr. Brady, who has been up the Texas and Pacific road, and confirmed the diagnosis of two cases at Grosse Tete in Iberville parish reports that there have been thirteen cases there, the first dating back to August 12. Three more cases have been discovered on Cheniere Camadia, the settlement on the mainland near Grand Isle, which was storm swept in 1893 and a thousand lives lost. These cases have been traced to Leeville. Country reports were: Patterson, 9 new cases; Kenner, 5 new cases; Tallulah, 6 new cases; Huma, 3 new cases.

More Fever In Mississippi.

Jackson, Miss., Sept. 22.—Roxie and Harrison, located on the main line of the Y. & M. V. road in the southern part of the State, are reported as new points of yellow fever infection tonight. One of the new cases at Gulfport is Major D. D. Ewing, commanding the first battalion of the third regiment Mississippi National Guards, who has been in command of the military quarantine on the gulf.

Bad Day at Vicksburg.

Vicksburg, Miss., Sept. 22.—With seven new cases and two deaths today's fever report was the worst since the disease made its appearance here. Both the deaths were white children, a boy and a girl. Several well known people were among the new patients.

Four New Cases at Natchez.

Natchez, Miss., Sept. 22.—Four new cases of yellow fever were reported today, of which two are white. Mrs. J. J. Lamberton who had a very severe case and two negro patients were discharged. Postmaster Walworth is regarded as being in a dangerous condition. The official report gives one new focus today, making a total of 16 foci, 47 cases to date, 12 of which are under treatment. Business was suspended this evening, the time being devoted to a general cleaning up and fumigation.

Looks Ugly at Pensacola.

Pensacola, Sept. 22.—Six new cases of yellow fever and one death is the record here today, the victim being R. L. Williams. At 6 o'clock tonight 18 cases remained under treatment. State Health Officer Porter and his assistants take a rather gloomy view of the situation and say that unless people co-operate with them more in the past few weeks it will be impossible to stamp out the fever before frost.

INDEPENDENT ODD FELLOWS.

Important Matters Considered by Sovereign Grand Lodge Yesterday.

By Wire to the Morning Star.

Philadelphia, Sept. 22.—The question of the independence of the Patriarch Militant of the Independent Order of Odd Fellows was considered today by the sovereign grand lodge in secret. The committee to whom the matter was referred reported but the matter was set aside until the next annual session in Toronto. In the interim the Patriarchs will continue their present relations with the sovereign grand lodge. There was a long discussion over the question of funeral services but it was decided to make no change.

The proposed amendment to exclude from the order all persons who are engaged in the liquor business either as wholesaler, retailer, manufacturer or brewer, except those persons who make wine from grapes that they had themselves grown was tabled. The question has been before the annual sessons of the sovereign lodge for several years.

Much of this afternoon's session was spent in considering changes in the constitution and in the ritual.

CUBAN BLOOD IS SPILLED

Bitter Feeling Between Political Parties at Cienfuegos Has Terrible Result

SIX MEN KILLED YESTERDAY

Manipulated $1,376,096 of Atlantic Coast Line Stock—Syndicate Operations—Ex-President Cleveland Speaks.

By Cable to The Morning Star.

Havana, September 22.—Official dispatches received this afternoon from Cienfuegos announced the killing of Congressman Enrique Villuendas, leader of the Liberal party and the most able orator of the lower house, and the chief of police of Cienfuegos, during a conflict between the two political parties, the Liberals and Moderates. The government advices say the police had information that within the hotel in which Villuendas resided a quantity of arms had been deposited and they went to the hotel to investigate the matter. As the police ascended the stairs they were met by a party of Liberals who fired on them, killing Chief of Police Illance. The police returned the fire killing Villuendas and wounding several others. Intense excitement prevailed at Cienfuegos and Havana.

The government fear the result which the affair may have upon the election of members of the election boards which will be held tomorrow. As the news spread through out Havana the Liberals and Moderates are rapidly gathering in their respective clubs and it is feared that unless the leaders give wise counsel a clash may result tonight.

A dispatch to the Associated Press from Cienfuegos says that about six persons were killed and 25 wounded during the conflict.

Dispatches to the government say that besides Congressman Villuendas and Chief of Police Illance, two policemen were killed and a number of policemen and civilizans wounded. Rural guards surround the entire block in which the Hotel Suizo, the scene of the affray, is situated. One telegram says that Villuendas fired the shot which killed the chief of police, while according to another telegram the shot was fired by Jose Fernandez, a Liberal, who has been arrested.

A search of the hotel revealed two dynamite bombs in the room occupied by Villuendas. The police in searching the hotel were carrying out the order of a judge who was informed that explosives were hidden there. The government has received a telegram from Senator Frias asking him for reinforcements at once. The telegram says:

"While in Cienfuegos at present the forces are keeping order, every precaution is needed, as there is danger of assault. I recommend that the authorities prevent the entrance into Cienfuegos of probable trouble-makers who are liable to invade the city. There are fears of dynamite bomb throwing."

Acting on the advice Senator Frias the government this evening sent a train of five cars loaded with rural guards, the largest number of whom are destined for Cienfuegos while the others will be distributed in Matanzas and Santa Clara where advices to the government indicate serious trouble may occur at any time. The train also carries artillery, and the troops are supplied with 13,000 rounds of ammunition.

The feeling in Havana tonight is most intense. The Liberals are bitterly denouncing the government, saying they have received no advices from Cienfuegos because the government will not permit the use of either the government telegraph lines or of the cable lines.

GOVERNOR O'FERRALL IS DEAD.

Was Confederate Veteran and Served Six Terms In Congress.

By Wire to The Morning Star.

Richmond, Va., Sept. 22.—Former Governor Charles T. O'Ferrell, of Virginia died in this city at 10 o'clock this morning from nervous prostration. He had been in failing health for about a year prior to his death and had been confined to his bed for only a month, the last three days of which he was unconscious. Owing to paralysis of the throat, he was unable to take nourishment. Governor O'Ferrall served in the Confederate army, rising from the rank of private to that of colonel, and was for six terms representative in Congress from the Seventh Virginia District. He was 65 years old. All his children and wife were with him at the end. He was twice married, his first wife being a daughter of General McLain, of Enterprise, Miss. Two children were born to them, Charles T. O'Ferrall, Jr., of Dillon, S. C., and Robert McLain O'Ferrall, of Mulins, S. C. After the death of his first wife, Colonel O'Ferrall married Mrs. H. B. Danforth, a daughter of Colonel William C. Knight, of this city, and she survives him with four children, Helen and Mabel and Frank and William O'Ferrall, all of this city. The funeral will occur at 4 o'clock on Sunday afternoon.

BOSTON'S MURDER MYSTERY.

Remains of Young Woman Not Identified Up to Yesterday.

By Wire to The Morning Star.

Boston, Mass., Sept. 22.—The identity of the young woman whose headless and dismembered body was found in a suit-case, recovered from the waters of Boston harbor at Winthrop last evening, had not been established up to a late hour tonight. No arrest has been made in connection with the tragedy thus far. The most important point established beyond doubt was that the dead woman had been the victim of an illegal operation. Death was due to peritonitis, probably the result of septic poisoning. Early today the Boston police visited the apartment of a physician in an attempt to learn if any of his patients were missing but nothing was found that could in any way implicate the physician. Word was received from Fall River tonight that a young woman formerly employed in a dental office in that city had been missing three weeks. Since her disappearance a young man who was employed in the same office has been missing also. Relatives of the young woman will visit Boston tomorrow to view the body.

"THE CLANSMAN" IN NORFLOK.

An Artistic Triumph—Every Seat Sold For Three Engagements.

(Special Star Telegram.)

Norfolk, Va., Sept. 22.—At last the South has an "Uncle Tom's Cabin" of its own. This was the verdict rendered enthusiastically tonight by the Norfolk audience in the Academy of Music at the first presentation on any stage of Thomas Dixon, Jr.'s, "The Clansman" under the management of George H. Brennan. Never in the history of Norfolk has a more delighted gathering assembled in the local theatre. The stirring situations of the production followed each other so fast that the audience remained spellbound throughout the performance, except when forced to relieve the tension with loud outbursts of applause. There were curtain calls without number and at the conclusion of the third act, the author, Mr. Dixon, was compelled to make a speech.

Among other things he declared his intention of manifesting his deep personal interest in the play by accompanying it on the Southern tour. The various personages in the large cast of "The Clansman" were interpreted by stage artists of exceptional ability, several of whom have a National reputation. In addition to the speaking parts there were a small army of supernumeraries and several poses. The latter added greatly to the spirited effectiveness of the Ku-Klux Klan scenes.

The engagement in Norfolk is for two nights and a matinee. Before the curtain rang up tonight every seat for all the performances had been sold. This is the record business for Norfolk and it will be duplicated when "The Clansman" returns after its New York run. It was freely predicted in the audience tonight that "The Clansman" is destined to equal the half century life of "Uncle Tom's Cabin" to which Mr. Dixon's is a complete answer. Unquestionably it marks an epoch in the theatrical history of the South, for it is the first play which has succeeded in doing justice to the white side of the race question. If the reception in Norfolk is a criterion the tour in the Southern cities will be nothing short of a triumphal journey and capacity business will be the rule without exception.

(By Associated Press.)

Norfolk, Va., Sept. 22.—Two thousand people witnessed the first production of "The Clansman," written by Thomas Dixon at the Academy of Music to-night. The play deals with South Carolina during the reconstruction period and seeths with racial differences. It was enthusiastically received, but the intensity of the climax brought a mingling of hisses and applause in immense volumes. The whites applauding and the several hundrel negroes in the gallery hissing. Mr. Dixon was called before the curtain for a speech and was given a tremendous ovation.

MOORE'S CREEK BATTLEFIELD.

Famous Battle Recalled in Connection With New Bridge There.

(Special Star Correspondence.)

Currie, N. C., Sept. 21.—The steel bridge across Moore's Creek, built by the Virginia Bridge and Iron Co., was completed to-day, and was turned over to the county commissioners for inspection. We are very glad to know that our county commissioners deemed it proper to build a good bridge across Moore's Creek, at the old National battlefield—a battlefield where the first victory was gained by the American troops in the war with old England—a victory that sounded the death knell to the British crown in the Southern colonies—a victory that not only the munitions of war were captured, but $75,000 in English money. Our government has spent millions of dollars in helping Cuba and the Philippines to throw off the Spanish yoke; and, yet, Congress refuses to appropriate one cent to build a monument and beautify a battlefield where the first victory was gained in a war that threw off the tyrannical yoke of Great Britain. It seems that the whole tendency of Congress is to have a large standing army and a strong government. In a few more years our Congress will forget the fact that they live in a republic established by the patriotic blood of our forefathers.

IMPROVEMENTS AT POSTOFFICE.

Woodwork on Interior Being Repaired and Repainted—Driveway.

Extensive improvents are going on in and around the Wilmington postoffice. The woodwork in the interior of the building is being scraped and repainted, and repairs are being made where they are needed. The cobble stone driveway around the building is being taken up and will be relaid so as to present a smoother and more sightly surface. Postmaster Wallace, custodian of the building, had hoped to have the driveway paved with vitrified brick, but the re-setting of the cobble stone was the best that could be secured.

The workmen were busy yesterday on the third floor of the building occupied by the U. S. Engineers Corps, who are temporarily occupying the Federal Court room while the work is going on upon their floor.

REMINDER OF FORMER DAYS.

Barque Aurora Moored Now Where Blockaders Once Were.

A conspicuous and pleasing sight in our harbor at present, one seldom seen by Wilmingtonians in these days of steam vessels, is the barque Aurora moored on the west side of the river, where, forty-one years ago, a fleet of swift blockade runners received their cargoes of cotton on the dark of the moon.

In the reflected glory of the morning sun, the lines, and spars, and rigging of this old time sailing ship present a beautiful appearance. Her false ports, a relic of the early wars when merchantmen used this disguise to escape detection on the high seas, is an added feature of the days that are no more.
